The Trouble With Flying (Trouble Series Sweet Romance Book 1)

Synopsis

Sarah doesn't talk to strangers. Aiden won't shut up. When they find themselves next to each other on a plane, unexpected sparks begin to fly - - Sarah doesn't talk to strangers. It's awkward, stressful, and there's the uncontrollable blushing to worry about. When she boards a plane to fly home after an overseas holiday, she plans to stick her nose in a book and ignore everyone around her. Aiden's terrified of flying, and it's his first time on a plane. If he can distract himself by talking non-stop for the entire flight, he will. Too bad for Sarah he's sitting right next to her. Against all Sarah's expectations, she ends up enjoying Aiden's company. They laugh, argue, concoct stories about other passengers, and accidentally hold hands during the turbulence. When the time comes to say goodbye, Sarah can't help the crazy thought that she shouldn't let Aiden go. Then he kisses her. And then he's gone. With her world turning upside down in more ways than one, Sarah has to make a decision: stick with the safe, predictable life that's been mapped out for her, or find the courage to go after what she truly wants. - -

-Nominated as an InD'tale RONE Award Finalist in 2015, The Trouble with Flying is a sweet, clean contemporary romance that can be read as a standalone novel.

Customer Reviews

That final line of the book summary is what got me to download and read this book. "Light-hearted contemporary romance that does not contain explicit language or sex."Totally sounded exactly like my kind of book.The Trouble with Flying was on page one of my Kindle when I finished the book I was reading so I thought I would give it a try. What a cute story! I love when I discover a new book that is a good fit for me.I enjoyed watching Sarah learn to step out of her comfort zone and thought Aiden was a worthy target. Lots of smiles while reading about their interactions and misunderstandings. I was glad when the over-bearing boyfriend was finally out of the picture.Trouble with Flying is set in South Africa and I enjoyed the references to different foods and culture.If you enjoy clean romance this is worth reading.Source: Downloaded from .comContent: a little mild language

I can't even begin to describe how much I loved this novel! This is exactly how a contemporary romance novel should be done, and shows that you don't need to have super steamy moments or language to make readers fall in love. Everything about this book is amazing, from the characters to the setting to the romance. This novel follows Sarah (who is the sister of Julia if you read Forgiven) and Aiden, a random guy she meets on a flight to South Africa. The writing is fantastic and I definitely can't wait to see what other stories Ms. Morgan has in store for us with this series.One of my most favorite aspects of this novel was Sarah. From the minute she is introduced, I loved her. She is awkward, shy, and adorable in all the right ways. And seriously, who can't relate to that? I know I can, and so I was easily able to connect to Sarah. She experiences a lot of ups and downs over the course of the book, but comes out stronger than ever. Sarah experiences a tremendous amount of growth, and it was very refreshing to see, especially when this novel isn't actually that long. It shows what an fantastic author Ms. Morgan is, to accomplish such a feat in a short amount of pages. Aiden was also adorable in every way, and had me cracking up when reading the scenes on the plane. We find out exactly why Aiden has such a fear of flying, and it is heartbreaking. However, the one thing I loved about his character was how he pushed Sarah to overcome her fear of talking to strangers. He was exactly what she needed in her life, and they are honestly perfect for each other.The other thing that I greatly enjoyed in this novel was the setting. The story takes place in Durban, South Africa and honestly, I have never wanted to travel there more than after reading this novel. Everything is so well described, you feel as if you are actually there with the characters

eating Zoo Biscuits (which I now really want to try), and visiting all the places they went. Ms. Morgan also included links (at least in the ebook version) to the places that were mentioned so that you could find out more. The setting is exotic and different, and it is perfect for this novel. If you are looking for a sweet, clean NA romance, this is the book for you. You will instantly fall in love with these characters, and be eager for the next novel in the series, *The Trouble with Flirting*! I know I am. Happy reading :)

Sarah's worst nightmare, a cute stranger who wants to talk to her, is about to sit beside her on a long flight from England to South Africa in Rachel Morgan's *The Trouble with Flying*. Oh my goodness, I loved this book. Sarah is so adorably awkward and shy, and I could easily relate to her. Aiden is hot and weird in his own way. I anxiously awaited to see how these two could possibly meet each other again after their flight. Set against the exotic backdrop of South Africa, this story is an endearing read. I laughed, cringed at Sarah's awkwardness because I totally got it, and teared up at the book's sweetness. I really want to try Zoo Biscuits now too. If you're looking for a clean, new adult romance, then look no further. I was completely engrossed in the story and couldn't get to the next screen page on my Kindle fast enough to know what happened next. *The Trouble with Flying* by Rachel Morgan is one of my favorite reads this year!
