Claude Santoy, Ph.D., received her degree in psychology from the Sorbonne. She does handwriting analysis for private clients and major European corporations and is the author of several books on the subject, including *Interpreting Your Child's Handwriting and Drawings*. She lives in Paris, France.

I am a certified analyst and do not agree with Mr. Santoy's view in a lot of cases. I'm a calligrapher

and fancy, embellished writing does not always mean that someone is lacking in intelligence and/or education. But it is always nice to read a book on handwriting analysis with a different perspective. We never learn it all. Thanks, Aysa Armitage

Gave this as a Christmas gift and the recipient was delighted!

ok

My brother's hobby is handwriting analysis. I purchased this as well as one other book and sent them to him for his birthday. He was very pleased and is enjoying them very much.

THE ABCs OF HANDWRITING ANALYSIS was all right if it's your first book, but I was disappointed. The info was too general, for me.

Lots of examples of individual letters.
