Geronimo Stilton And The Kingdom Of Fantasy #3: The Amazing Voyage

Synopsis

Holey cheese! Join Geronimo as he returns to the Kingdom of Fantasy for a third amazing adventure! In this 320-page, full-color hardcover adventure, Geronimo returns to the Kingdom of Fantasy when he learns that the Kingdom has fallen under an endless, freezing winter and the Queen of the Fairies is in danger. Once there, Geronimo explores fantastical new lands and travels on a magical talking ship. Can Geronimo extinguish a threatening volcano in time to restore peace and springtime to the Kingdom of Fantasy? He is put to the test on this extraordinary quest!

Customer Reviews

"Lightning pace and full-color design will hook kids in a flash." -- Publishers Weekly

GERONIMO STILTON is the publisher of The Rodent's Gazette, Mouse Island's most famous newspaper. In his spare time, Mr. Stilton enjoys collecting antique cheese rinds, playing golf, and telling stories to his nephew Benjamin. He lives in New Mouse City, Mouse Island. Visit Geronimo online at www.scholastic.com/geronimostilton.

These books are perfect for the reader who struggles to read and one who gets bored with trying to

learn the nuances of comprehension. My boys love them. The book arrived as expected and has been looked through thoroughly by all my boys 3-10 years of age. It's got a bit of a weaker binding than I had hoped, but I'm sure it would have been that way soon with us anyway. I have a 3 year old who is fascinated with the maps and looks through one book while brother is reading with instructional support with the other, or he takes it to and independent reader and makes him identify the numbers on the maps. These books are super fun and cool to read no matter the child's interest in reading!

My 5 year old loves this series and has for the past year and a half. He has had my husband or myself read and re-read this series over and over. He really gets into the characters and loves everything about the books from the maps and great illustrations to the descriptions and introductions of the characters to the way the writing is not just typical one font writing but stylized, colored, and emotive of what the words are saying. My son actually seems to consider Geronimo an imaginary friend and we've made cheesey-full cake and cheese niblets and shared it with Geronimo! This particular series of Geronimo Stilton, "The Kingdom of Fantasy" 1- 5 is extremely creative and full of classic fantasy lore: dragons, witches, gnomes, trolls, giants, elves, fairies, spells, ancient cultures, sprites, sea monsters, love, friends, classic life lessons and Geronimo as the reluctant hero, etc. etc. It's great! When he is a bit older I think these books will be good to assign him to read on his own. I think it's a good way to learn context clues, considering the text puts emotion/feeling into the words via differing fonts and colors.

My 5 yr old daughter and 6 yr old son (both readers for a while now) LOVE reading these books...my son literally sits for hours and reads them cover to cover over and over again...he loves the story lines, and the illustrations are magical! Equally thrilling for both of them are the various fun activities, crafts, recipes, etc., scattered throughout the books...I love that they use lots of different brightly colored fonts throughout the pages, accenting certain words, instead of just the usual Times Roman print or the like...highly recommend...like that they use top quality binding and pages...

My 8 year old son has read all of the Geronimo Stilton Kingdom of Fantasy books and loves them all

Love these books! These are the perfect summer read for my kids.

I bought it for my kid who are attending 3 grade. She really love it that with hard cover and beautiful

illustrations. She also said her classmates all love it , so, she decided to bring the book to school every day for sharing.....I don't understand what the game is @_@,,,,, Actually, I don't know why the kids like this serial stories, but my kid like to collect it.

My 8 year old loves the entire series and finished it all (the series) up in a week.

My family and I have now gotten all 4 of the kingdom of fantasy versions of the Geronimo Stilton books and each one is good in my opinion. It is hard to say which ones I liked the best because I liked them all. I like them because they are actually fairly interesting and fun to read for me, and the kids like them because they have a lot of nice pictures and are interesting for them as well. They especially like the maps that are printed for each area that our hero travels through. My 2nd grader can also read this book on her own, and I have her read parts of it sometimes during the bedtime routine. It is seldom that I have found books to read to the kids that I actually do not mind reading myself. I have now read three of the books in the Kingdom of Fantasy series so far and have enjoyed all of them.
