Little point to stories. Myths and Legends always had a point which is why the stories were were passed down generation to generation. They were a teaching tool. This book must have gotten their material from someone who did not really know the story just the basic idea. No real reason to own this book. I must admit most of the books in this type have the same problem. It is sad.

I thoroughly enjoyed this book! It has a wonderful mix of animal tales, supernatural tales and magic! The author has a superb handle on the written word and keeps the true feel of a good storyteller. You can almost imagine yourself hearing these tales told around a campfire! Children and adults will enjoy the rich mixture of tales. Highly recommended!
