Student Solutions Manual For Calculus: Early Transcendental Functions

Synopsis

The student solutions manual provides students with complete solutions to all odd end of section and end of chapter problems.

Book Information

Paperback: 512 pages

Publisher: McGraw-Hill Education; 4 edition (January 19, 2011)

Language: English

ISBN-10: 0077235908

ISBN-13: 978-0077235901

Product Dimensions: 8.5 x 1 x 10.7 inches

Shipping Weight: 2 pounds (View shipping rates and policies)

Average Customer Review: 2.7 out of 5 stars 7 customer reviews

Best Sellers Rank: #413,507 in Books (See Top 100 in Books) #51 in Books > Science & Math > Mathematics > Geometry & Topology > Analytic Geometry #236 in Books > Textbooks > Science & Mathematics > Mathematics > Geometry #692 in Books > Textbooks > Science & Mathematics > Mathematics > Calculus

Customer Reviews

It provides the odd-numbered problems' solutions, which is awesome, except that many of them are incorrect. Have you ever tried to teach yourself calculus? Try teaching yourself while the solutions to the problems you're using to practice on are incorrect.

Fast delivery and good price. Exactly as advertised. Holy crap, calculus is hard!

This book is not the greatest. I learn more from subscribing to Khan academy and other sources than from the chapter reading.

if your course is using this book I suggest finding a different course. Examples don't match with even problems so unless you are very strong in math you will be lost.

Received the book as stated. The book was in great shape and can be used in class. Thank you for being on time!!

Waste of money

I purchased this as a new copy and it appears to have been used... There is a huge crease through the front cover of the book, and the spine has signs of use... I didn't notice any writing in the book and it will work fine, just a little disappointed with the condition it arrived in.
