Writer's Reference

Synopsis

THIS TITLE HAS BEEN UPDATED TO REFLECT THE 2016 MLA UPDATES! Our editorial team has updated this text based on content from The MLA Handbook, 8th Edition. Browse our catalog or contact your representative for a full listing of updated titles and packages, or to request a custom ISBN. For success in college, no skill is more critical than writing; it's the very core of a student's academic experience. Tested and trusted, *A Writer's Reference* is an essential tool for students who are strengthening habits and skills that will support them throughout college. In an April 2014 survey of first-year writers, 75 percent reported that using a Hacker handbook made them a more confident academic writer. What's more, *A Writer's Reference* has been a powerful tool for change across college campuses—helping to create a culture of writing at many schools by supporting a common language for talking about academic writing. In that way, *A Writer's Reference* is uniquely positioned to help transform attitudes about the value of writing instruction and the role that writing plays in academic work and in higher learning. With this eighth edition of the handbook, author Nancy Sommers invites you to be part of a community of those who teach and assign writing; who believe that critical reading, analytical writing, responsible research, and clarity are at the center of effective writing across the academy; and who use the nation's best-selling and most responsive handbook to support the development of the college writer.

Customer Reviews

This has been very helpful, especially for grammar worksheets. The book explains grammar concepts in detail, providing multiple examples. The sections on MLA, Chicago, etc. are excellent and provide examples for bibliographies, works cited pages, in-text citations, etc. Very useful for any English course.

Every college freshman needs this book. I took AP English courses in high school but this book is helpful to me. You will learn how to do different types of formatting and how to make the most efficient paper. Even small things like P.O.V. and number shifts can become clearer to you for editing your paper. You wont ever need to go to the writing center after you study this material.
