Such a cute story. Got this for my 3 year old who is obsessed with Lightning McQueen right now. This is a great story about Lightning, Mater and the tractors. It also teaches about friends working together and helping each other out. The words on the pages aren't too lengthy and it holds my sons attention very well. The pictures are done well and fit with the words on the pages. My son wants to read this multiple times a day. Great story for any kid who is into Lightning McQueen.

The binding on these books makes it hard for a young child to sit and look at and turn the pages, it holds the book tightly together and you can't open the book and lay it flat, so as soon as you let go of the pages they all close. It is awkward to say the least. they are nice stories and fun to read. 5 stars otherwise. price is okay, but the golden book binding is miserable on these.

Cars enthusiasts will love this :) especially little ones. Basic concepts, not long boring paragraphs

that will lose young bedtime listeners. Bright images that capture the interest of those who can't read yet.

Cute story ... lol, it bothers my grandson when they tip the tractors over onto their back wheels, but still cute.

My 3 year old loves this book! Lightning and Mater together are always a winning combo!

Great book! Easy to read and my son loves it! No damages were found on the book or the packaging :)

Great little book, a little long when trying to keep a 2 year olds attention, but still not a bad little book for the price.

grandson loves these books with McQueen:)
