Customer Reviews

While I'm not a diabetic myself, I have a family member who is, and found this book very

helpful. Clearly separates the subject matter into easy to understand chapters making it easier remember where to reference for specific information. Things your doctor may not cover with you, things you can do to manage it, lower your blood pressure and lose weight. It all starts with eliminating foods and drinks your body can not process or break down. A wonderful book I would recommend to any who struggles with weight loss, high blood pressure or at risk or is pre-diabetic/pre-carbosis. This book is full of information to help you better yourself and that makes it alone worth check into.

This book focuses on how diabetics should modify Eat to Live plan to accommodate the disease. The amazing thing is that type 2 diabetes can be reversed and type 1 can have a lower dependence on insulin. I don't have diabetes but it runs in my family and I'm at risk. Personally, if I had diabetes, I'd do whatever I can to get rid of it. This book really made me realize how serious a disease it is. I hope more people learn about his plan and join me. It's challenging but worth it!

I couldn't have worded this better myself! This book has definitely gave me a general overview on how to manage my newly diagnosed diabetes. Definitely glad I got it!"To imÃ•Â ginÃ•Â hÃ•Â w gluÃ•ÂÃ•Â Ã•ÂÃ•Â , inÃ•Âulin, Ã•Â nd cell rÃ•Â Ã•ÂÃ•Â Ã•Â tÃ•Â rÃ•ÂwÃ•Â rk, think Ã•Â f Ã•ÂfÃ•Â ur car. TÃ•Â Ã•Â Ã•Â rk in Ã•ÂfÃ•Â ur gÃ•Â rÃ•Â gÃ•Â , you nÃ•Â Ã•Â d a gÃ•Â rÃ•Â gÃ•Â dÃ•Â Ã•Â r Ã•Â nd a garage dÃ•Â Ã•Â r Ã•Â Ã•Â Ã•Â nÃ•Â r. Glucose is like Ã•ÂfÃ•Â ur car, thÃ•Â cell receptor is likÃ•Â thÃ•Â gÃ•Â rÃ•Â gÃ•Â door, Ã•Â nd thÃ•Â inÃ•Âulin iÃ•Â like thÃ•Â Ã•Â Ã•Â Ã•Â nÃ•Â r."

The book doesn't even deserve the one star, but that was the lowest grade allowed. Don't waste your money. You can get better information just goggling 'type 2 diabetes' online. The book reads like a draft, not a completed product. It is unclear and repeats itself so many times, you begin to think you're re-reading the same pages over and over again.
