Customer Reviews

Mr. Wang didn't write a whole lot; the exercise are all worthy and useful, but I might have thought of a lot of them myself. The cost of the book is a very small fraction of what a private lesson with Mr. Wang would cost, so I didn't feel all that cheated.

Not what I was hoping for.

The exercises start simple and increase in difficulty through the book. Wang provides tips and explanations throughout the book to help you see the point of each excerpt and how to improve on it. I use this book almost daily in my warm ups -- tedious, but worth it.
