Fantastic series. I bought this one for my daughter for St. Patrick's Day because she loves nothing more than books. She really enjoyed this book and recalls all the different kinds of fairies and such. She's a gifted first grader and read this book cover-to-cover in no time flat but enjoyed it very much.

These books are really great! I read the book, Leprechauns in Winter then I bought the Fact Tracker #21. It helped learn about Leprechauns and Ireland. All of the books in this series of books are really fun to read and very hard to put down. Even if you don't have kids these are great for adults too. You really get to know the two main characters (Jack & Annie) and can't wait to live the adventure with them.

These are simple, but they contain a fair amount of information. Interesting for kids. I'm not as crazy about the Magic Treehouse stories, but I really like the research guides.

Fun, interesting. Nothing over-the-top. Easy to read and interesting facts. Nothing too in-depth or inciteful but very enjoyable, especially as a companion to the Magic Tree House books. Helps children become more interested in the topics.

arrived as expected. will read the book when I have completed buying the series

I bought this for my grandson to read with the Magic Tree House book Leprechaun in Winter. It has lots of good information on folklore from Ireland and is written so that 1st graders can understand.

My kids loved learning the history behind Irish folklore, though the younger one has no interest in meeting a banshee! As always, Pope's work is well-written and researched.

The book is wonderful, informative and interesting with many facts and much information not found in other books. Thanks to the author's for their wonderful research and compilation.
