The Children's Bible In 365 Stories

Synopsis

With more than a million copies sold, this classic Scripture provides an ageless Bible story for every day of the year. It's a perfect addition to any Sunday school room or children's church program. "An imaginative arrangement, preserving the on-going interest of a serial . . . The illustrations are excellent . . . and will hold the listener's eye if the book is being read aloud . . . This selection provides a built-in continuity which other collections lack."—Church Times "Written in a lively, easily understood style which still retains the dignity of the original . . . The luminous artwork is realistic, expressive and well-researched in detail."—School Library Journal "Many children's books retell Bible stories. This is one of the best for its factual, sensitive and imaginative approach. The stories are allowed to speak for themselves in a panorama of scripture from Genesis to Revelation, and each is beautifully and imaginatively illustrated. [Here is] storytelling par excellence, clear, uncomplicated, concise, superlative."—Churchman "The selections are just the right length . . . After using this book for several months, I can enthusiastically recommend it for families with young children."—Christian Home and School

Grade 1-4 Walter Wangerin's The Bible: Its Story for Children (Rand McNally, 1981) and Catherine Marshall's Story Bible (Crossroad, 1982) are hard to top, but this new book of Bible stories has merit, too. The scope of coverage for the patriarchs, prophets and kings of the Old Testament and

the life and teachings of Jesus is extensive, and there are good highlights of Paul's life and other events in Acts. Some material on the Epistles and Revelation and a tiny sample of Psalms and Proverbs are also included. All is drawn together into a consistent, well-constructed narrative and written in a lively, easily understood style which still retains the dignity of the original. However, a Christian bias is occasionally present in the imaginative amplification of some passages. Sentences of moderate length and a rich but reasonably familiar vocabulary should suit upper elementary readers. Younger children will enjoy hearing the short, vivid stories read aloud. The 365 sections indicate use as a daily Bible study or devotional. Although the text is in double columns, the print is large and clear, and illustrations of various sizes liven every page. The luminous artwork is realistic, expressive and well researched in detail. Scripture citations are provided for each section. Pat Pearl, First Presbyterian Church Lib . , Martinsville, Va. Copyright 1986 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.

"This best-selling book contains all the stories of the Bible from the Creation account to Revelation. There is a story for every day, making this book a constant companion all year round. What better way to introduce children to some of the best stories ever written, this is a very special book to treasure." Book Club Mag : Family Interest A lively, easily understood style which retains the dignity of the original." School Library Journal "An imaginative arrangement, preserving the on-going interest of a serial... The illustrations are excellent... and will hold the listener's eye if the book is being read aloud... This selection provides a built in continuity which other collections lack." The Church Times

I am very pleased with this children's Bible. My grandparents got me this Bible in 1988 and my mother read it to me each night. I have read this to my first three kids over and over and over again and now that I'm pregnant with 4th and my original copy is falling apart I decided I ought to get a new copy. So glad I did, wish I had done so earlier to preserve the one I got from my grandparents. In my opinion it includes just enough of the stories, but perfect length for nightly reading. A word of caution: some illustrations are a bit too graphic (i.e. when Abraham almost sacrifices Isaac, it shows him holding knife above him).

I am a mother of three boys ranging from teen to preschooler. This book is great because the stories are not so long that that the youngest loses interest, but long enough bring out the major biblical concepts for the older two. The stories are in chronological order and parallel very well with

the KJV Holy Bible. There are also little tabs underneath each heading to let you know exactly where in the bible the stories are found. The text is age appropriate and the stories flow very nicely. The illustrations are nice as well. My children have been reading this book a little over a month now. Once they start reading, they want to read story after story. It makes sense to them, and that is the most important factor for me.

I bought this for my 7 and 8 years old. It has many other bible stories the other bible story books didn't have. I learn a lot from it too even from the stories i know already because this bible story book elaborate the stories in a more understandable way. I gain new understandings from the way the stories are told. I highly recommend it for adults as well that are seeking to gain new understanding of the Word of God. I pray the Holy Spirit of God will minister new understanding to you as you read it. God Bless You

sent it back, my ten yr old wants books of the bible that tells stories that she can understand, i thought this was it, but not so much, it tells the stories of the bible, not bible stories, if that makes sense. I Think i need to get the blue books of when i was younger but the price tag is a bit much right now, and most are used. will keep looking, you may enjoy this, I personally liked it but im not the one who needed to be pleased with it.

This is my favorite chiders Bible. Why I have even learned from the stories and have used them to teach children at Sunday Schoo, Bible School and my own children and grandchildren.

Great Bible Story Book...My 2 grandsons ages 5 and 6 really enjoy the stories...I think they are great because they get to the main subject and tell the story beautifully...

Well-told stories. Easy for children to understand. Sticks to the Bible concepts better than some Bible-story books.

bought one for all my grandkids and had one for my kids when they were young, Its a great kids bible, fast delivery
