The Desert And The Sown (Virago/Beacon Travelers)

Synopsis

Excerpt from The Desert and the SownMy journey did not end at Alexandretta as this account ends. In Asia Minor I was, however, concerned mainly with archaeology; the results of what work I did there have been published in a series of papers in the Revue Arch ologique, where, through the kindness of the editor, Monsieur Salomon Reinach, they have found a more suitable place than the pages of such a book as this could have offered them. I do not know either the people or the language of Asia Minor well enough to come into anything like a close touch with the country, but I am prepared, even on a meagre acquaintance, to lay tokens of esteem at the feet of the Turkish peasant. He is gifted with many virtues, with the virtue of hospitality beyond all others. About the PublisherForgotten Books publishes hundreds of thousands of rare and classic books. Blending accounts of customs and communities with over three hundred photographs, Bell leads

readers from the Mosque of 'Umar to KanawÄ•t and the Dead Sea. Although often picturesque, the significant is never overshadowed by the spectacular, making this perceptive account of Syria as significant today as it was in 1907. --This text refers to an alternate Paperback edition.
