Laugh your way through Connecticut! Your round-trip ticket to the wildest, wackiest, most outrageous people, places, and things the Constitution State has to offer! Discover the Village of the Damned, the rapids of Satan's Kingdom, and where Hitchcock staged a murder pact. Check out the view from inside a sperm whale's mouth, from the seat of a historic merry-go-round, and from a flying Statue of Liberty head. Meet a tomato wizard, the flagman of Long Wharf, and a starlet-turned-nun who once boogied alongside Elvis. Whether you were born and raised in Connecticut or are a recent transplant, authors Susan Campbell and Bill Heald will have you laughing out loud as they introduce you to the neighbors you never knew you had and take you to the places you never knew existed - right in your own backyard.

Susan Campbell is an award-winning, nationally syndicated columnist and feature writer for the Hartford Courant. She lives in Marlborough, Connecticut. Bill Heald is a writer and photographer whose articles about trends and travel from New York to New Zealand appear regularly in Rider

magazine and in many other motorcycle-related publications as well as on Playboy.com. He lives in Hampton, Connecticut. They are two Connecticut residents with witty senses of humor and a taste for the tasteless and the offbeat--who also manage to hold respectable jobs. Together they bring new meaning to the word silly.

If you want to explore interesting things in Connecticut, this is the book to start with. My son and I often do interesting things on Saturday mornings. Part of it is just "bonding time", but part of it is that mom works every other Saturday, so those days we have special freedom to do interesting things. And we do. During warm months, an emphasis is on hiking and outdoor activities. During cold months, if we are not sledding, we try more indoor activities. Many of the things that we have done are in this book. I was pleasantly surprised. I bought this as a present for mom so that maybe she can join in more often (she does better if she has a picture in her mind and this book is full of pictures). Explore Connecticut by visiting "everyday" places you might not have noticed. These are the kinds of places that out-of-staters might ask "have you been there" but the residents do not even know they exist -- right next door. Definitely worth taking a look at.

Whether I am at home or on the road, books like this one provide this traveller with a lot to do without having to go very far. Personally, I view Connecticut as one of those often overlooked states which gets unfairly dissed because of its close proximity to NYC. In my case, I was abandoned by my husband who was attending a business conference. I wandered into a book store and found this little gem in the local interest section. On the way to Mystic Seaport, I checked out a few locations. Had a lot of fun and enjoyed myself thoroughly. My only regret was that I didn't have more time to cover all the locations cited in this book. However, even that was o.k. because I now have the impetus to return and check out other interesting places. Travel books like these are a real treat for locals as well as visitors because they educate and also provide a sense of familiarity to often strange and/or unfamiliar places. They provide a different way of looking at a specific state or region.

This guidebook to all the fun, out-of-the-way and quirky people and places of Connecticut is a great way to learn more about what makes the state so great. Even as a lifelong state resident, I learned new things; I use this as a means of picking fun daytrips. Pick up a copy; it'll make you wonder what else you don't know about Connecticut!
