Louis Armstrong: King Of Jazz (Famous African Americans)

Synopsis

"Music has been in my blood from the day I was born," said Louis Armstrong. He rose from a troubled childhood and a life of poverty to set the music world on fire. Armstrong's lively trumpet playing, trademark "scat" singing, and natural talent for showmanship dazzled audiences for more than fifty years. In clear, crisp prose, the McKissacks place Armstrong in American musical history and show the impact his extraordinary talent made throughout the world.

Book Information

Lexile Measure: 490L (What's this?)

Series: Famous African Americans

Biographies > Musical #2540 in Books > Children's Books > Geography & Cultures >

Multicultural Stories > African-American

Age Range: 6 - 9 years

Grade Level: Kindergarten - 3

Customer Reviews

Gr 1-3-There is always a need for quality biographies and the strength of these particular titles is their breadth of coverage. Not only do the McKissacks profile well-known subjects such as Martin Luther King, Jr. and George Washington Carver, but they also address figures who might not be as famous (such as Madam C.J. Walker and Carter G. Woodson). The texts, which were originally published in the early 1990s, are clearly written and presented in a clean design. Captions for the full-color photos and illustrations provide additional information and the further reading and websites have been updated. Some of the text-heavy pages might present a problem for lower-level readers, but overall, the language is simple and straightforward. Challenging vocabulary is set in a bold font

and defined in the glossaries. These introductions will be useful for reports and for independent reading.-Rita Meade, Brooklyn Public Library, NY

This is a super cute book for kids but the description does not say it's paperback. I thought for that price it would be hardback. I was surprised to get a wafer thin little paperback book for \$9.35
