I got this book as a gift for my friend's daughter' birthday. My friend read the book with her daughter and later she told me that meaningful dialogue happened between them as they discussed the book. I hope many other books will come after this one. Kudos to Sheri Silk, the author for a fantastic book for kids and adults!

Awesome way to teach kids natural consequences, and us adults as well on how to let our kids walk in freedom and learn from their choices as well

These books are great! I pray you continue to make them! Absolutely our families favorites already! Thank you very much!

Great for teaching natural consequences.
