## **Customer Reviews**

This was just as good as the first book. Redd have a lot on her plate; three women, well 1 and 2 wannabes, Jakoven, Marlee, and let's not forget the arsonist/killer. Will Redd come out on top? or will she fall with a broken heart and jobless? Kane and Kap been through hell and back. With Aeducon trying to tear them apart and Jakoven finally being able to come between them, will they continue on as the happy couple? Will Kapenyck remember who Kane is? Or will all that was found become lost again? Marlee- what will become of the wannabe stud? Will she realize that teaming up

with Jakoven will get her in deeper mess than she can handle? Will she come to her senses or fall flat on her face? Aeducan- Will he come forward and let everyone know what has occurred between him and Jakoven? Phenique- He's been on the run and is now in danger. What will happen? Man, there's so much going on in this book that I could barely keep up. I thought that this was the last installment for 69 but there are 3 more books coming and in the 3 books we will find out what will become of the 69 crew. I just hope that the good guy's are all standing at the end.

I'm very pleased with the maturity with this author. Fallon's writing style is really coming into its own. She has a way of creating depth to a story and it's much appreciated. Great read, job well done! Very fast paced, keeps me on the edge and not able to put the book down. Can't wait for part 3!

I give 4 stars instead of 5 because of all the grammatical errors. Sometimes I had to guess what the writer was trying to say. A word of advice to the author would be to have someone who studies English to proofread the drafts. Other than that I am loving these books!

While the plot thickens so do the problems in following the story line. I mean the spelling mistakes were a big problem for me. I really want to know who proofread this thing and then ask if they have an eighth grade education?? There is no way that you can overlook them for their, he for she, her for him, or meant for might!!! I struggled through this b/c a friend said it was good. Much as I want to know what happens I don't know if I could take it. If the author would like I will be glad to proofread part 3 & 4, as it is obviously going to take that many to finish her story. I think her editors need to be fired. I have two college degrees and the amount of problems in this book could be caught by a freshman in college.

Fallon did her thang! My mouth was wide open the entire time. I could have been watching an episode of Chicago Fire lol wheew I had a blast reading this one. The only thing I thought was far fetched was the entire fire house was gay, other than that it was a good read.

As always Fallon desperately needs an editor capable of doing their job. There are too many grammatical errors as always and the storyline left much to be desired.

Good but need to tie up loose ends and fix all the misspelled words to make it easier to understand some how refer to who u are talking about better

Don't how much more of 69 I can take, I'm staying on the edge ...lol...it's HOTT like fire too. Read for yourself, I highly recommend
