The Lord Of The Rings Instrumental Solos For Strings: Violin (with Piano Acc.), Book & CD

Synopsis

Music from all three films arranged for string instruments. Desirable and collectible, these instrumental folios are loaded with black-and-white photos of scenes from all three films. They are printed on top-quality antique paper stock, and the covers showcase the new "trilogy" artwork. The string series was written especially for violin, viola, and cello. Each book features a piano accompaniment and a carefully crafted removable string part complete with bowings, articulations, and keys well suited for the Level 2-3 player. A fully orchestrated accompaniment CD, with demo tracks (featuring live string performances) and play-along tracks, completes each package. The string books are completely compatible with each other and can be played together or as solos. Due to level considerations, the string books are not compatible with the books in the wind series. Titles are the twelve major themes from the blockbuster trilogy: from *The Fellowship of the Ring*: The Prophecy * In Dreams * Concerning Hobbits * Many Meetings * The Black Rider; from *The Two Towers*: Gollum's Song * Rohan * Evenstar * Forth Eorlingas; from *The Return of the King*: Into the West * The Steward of Gondor * Minas Tirith. This title is available in SmartMusic.

Love this. Has every song I ever wanted to play from the movies. The music is very easy to read, yet is in the intermediate range. Not too tough for a beginner yet not too easy for someone who knows how to read notes. The cd has two tracks for every song; a demo track, with the instrument

added, and a playalong track where you can play along like in an orchestra. It's amazing; I especially have been searching for Evenstar sheet music, but haven't found any as nearly as good as this book's sheet music. The other songs are also tons of fun to play. Well worth it.

Wrote a wrong review on this, hopefully the first draft doesn't show! Good, not a fan that the violin piece is so small. The songs don't have much of a variety, pretty disappointed.

Awesome! I enjoy being able to play along with a pianist and when she is unavailable, the play along / demo CD is great to play with. The demo tracks are also beautiful to listen to. I like how there is a whole section for accompaniment and a section for just violin. As a beginner, I am already able to play a few! I enjoy these beautiful pieces very much!

Great songs and music, but high difficulty. Takes lot's of practice to get used to the advanced sound and level.

My daughter was so excited to get this. It lets one play all the major themes on the violin...the CD is also nice, as you can hear what the solos sound like, then play the solo yourself with only the accompaniment. Not everything is like the actual music from the movies because the violin is playing the theme on all of these, but it is a lot of fun to play for a Lord of the Rings enthusiast. Music is about the right level for my high school student's ability - not too easy, but not terribly difficult either.

Not too difficult to play these pieces for a 'beginning' student (perhaps the 1 year level), but they do promote the desire to practice because they are playable and most younger students loved the movies.

My son hadn't played his violin for years, since mid college but she he was 11 he after we saw the second LOTR movie we came home and he picked up his violin & played a scene just by ear. With the Hobbit out, it reminded me of this so I found & sent this sheet music to him. He said he immediately got out his violin and played, losing the CD soundtrack play along. So, THANK YOU ! I was thrilled he loved it!

This was a gift for my grandson who plays the violin. The only music he has is what he receives at

school to play. To broaden his music interest, I purchased this based on other reviews that I read and it was a right choice as he loves it and has something new to challenge himself in music.
