ISBN-13: 978-1589254527

Product Dimensions: 7.8 x 7.8 x 0.2 inches

Shipping Weight: 12.6 ounces (View shipping rates and policies)

Average Customer Review: 4.1 out of 5 stars 23 customer reviews

Best Sellers Rank: #83,385 in Books (See Top 100 in Books) #96 in Books > Children's Books > Literature & Fiction > Poetry > Nursery Rhymes #284 in Books > Children's Books > Early Learning > Poetry #1623 in Books > Children's Books > Activities, Crafts & Games > Activity Books

## Customer Reviews

The pages are thick and glossy and the illustrations are sweet but for a sticker book it's lacking stickers. The concept is nice with an illustration missing on every page or every other page that requires a sticker to complete it but that only works out to about 12 bigger stickers to place. There are about 18 small stickers of flowers and stars that would be very hard to place for a toddler because of their size. Altogether there are only the two pages of stickers as you can see in the photos I took. I was expecting a lot more stickers like other sticker activity books I have ordered. I was hesitant to order without the pages to preview and I wouldn't have if I had seen how few stickers there were.

I LOVE these sticker books! They are really awesome! I bought the counting one for our 2 year old as a "sacrificial" book for car travel. These are above her level. BUT, they are 3-4 dollars a piece and are wipe clean. SO, my thought is once she has worn these out with sticker use, we can perhaps use the books with a dry erase marker and do things in them. Even if you think that is a

really stupid idea, they are not very expensive to begin with. If you have a 3-4 year old I am sure they will get a lot more academic use out of them. This book seemed to have a few "bigger" stickers than the other 3 that we have. The photos show the sticker sheets and a sample page of the book. I would love a helpful vote if this review helps you!

What an adorable little book. It's too bad the stickers are not vinyl since vinyl would have made them really reusable and very toddler-proof, but the price is great, they are a good size, brightly colored, and fit into white shapes on the page. Up till this time, for my grandson (almost 3), stickers meant sticking things anywhere or just piling them up on top of each other. He is delighted that these have a special place to go, and they complete the picture. We have read the nursery rhymes book many times, and rather than play the sticker game all over again, he wants to reposition each sticker to make a perfect fit. I think this is great fine motor practice. I am looking forward to my order of the other books in this series. We have some Priddy sticker books, as well, but they seem to overwhelm with too many stickers to sort, too many pages, and not much to do on each page. I think my grandson needs to be a bit older and have a bit of reading ability to make the Priddy ones more fun.

I absolutely LOVE These sticker/activity books for my two year old. I have ordered three other (busy day, ABC, and 123) and the quality of the book is amazing. The pages are sturdy, and wipe clean if you choose to use a dry erase marker (for teaching) and the stickers are designed with very cute and bright illustrations. This has been a wonderful learning tool. I keep one in my diaper bag for when we are in a waiting room, or at a restaurant and it really keeps her entertained. This product is highly recommended!

The book is cute, but the stickers aren't really "reusable." They tore after the first time my daughter tried to reposition them. Now we have a book with big blank spots in the pictures, and no stickers to fill them. The kiddo doesn't seem to mind, but I think it's annoying. The one thing I did like about this book is that the pages are virtually indestructible, not like regular paper.

The stickers are not reusable! They break very easily, and are not sticky after you take them off the first time. The illustrations are cute, but without the stickers is useless.

My grandson listens to them all the time

As other reviewers said, the stickers break easily. The reusable sticker books from Melissa & Doug are more durable, but the illustrations on the books by My Little World are cute.
