Excellent book! This book was surprisingly interesting, It is well written and has a great tone to it. I love Epsom salt and always use it in tub soaks so it was really fantastic to Lear about other uses. I have learned many uses of Epsom salt with the help of this book. Highly recommended.

This book was a great read. I didn't know about this salt before and I'm very happy I do now. This mineral has helped me lose those extra pounds I used to carry with me and got me ready for summer. Definitely reccomend.

Even at 99¢, this book is overpriced. It stretches out 2 minutes worth of information into 15 and charges you for the privilege of wasting your time.
