Synopsis

Meal planning has now been made easy! When you're busy and still trying to cook every day, it helps to keep a menu planner notebook. It will not only help you save money on grocery bills, it will also get you to stick to your diet! Whether you are planning your meal and shopping list in advance or tracking your weight loss, this meal planner notebook is perfect for you! Organize your weekly meals to make sure you stay within your calorie allowance. Don't forget to stick to your plan! It has over a full year's worth of pages, nice chalkboard design and specially formatted so that you can record all your meals from Monday to Sunday with sections for grocery lists, notes and health goals. The days are broken down with 4 meals including snacks with enough room left over to plan activities or food values. The week starts on Monday which aligns perfectly for your Sunday meal prep and weekend groceries. The two page-per-week design provides 1 year of meal planning with ample space for writing your notes and grocery lists. This weekly meal planner will help eliminate the "what's for dinner?" syndrome and the shopping list section will make sure you don't forget any ingredients. You can even go through the previous weekly meals for inspiration. The book features a beautiful hydrangea cover which makes it a great gift for women and flower lovers. The papers are uniform and bound together so no loose papers will get lost. The papers are also durable and can be written on and erased several times without leaving a hole in the paper.
