Customer Reviews

A member of the British Horological Society, Chris Barrow has been an electronic design engineer for almost 30 years. He has been cleaning and repairing pocket watches for 20 years.

Can find better books out there. Highly recommend The Watch Repairer's Manual by Fried.

Great book and well written.

Very good book on English watches for a collector or novice watchmaker. Does not deal with American watches at all.

Much too British, not all the terms are the same.

Good book wish I could access the ebooks I have purchased on the same topic.

Nice reading for the novice pocket watch hobby repairman

Thought it would have more info on American watches. Mostly European watches.

OK
