Great information

I purchased this book while doing a rotation at a movement disorders clinic. My preceptor loaned me her copy and I found it so informative that I purchased my own. It helped me understand the lived experience of someone with Parkinson's disease. These patients are incredible people. I was inspired by their grace and fortitude. This book answers a lot of questions for clinicians and patients.

very fast and very safe.

For all those recently diagnosed with PD, this book IS A MUST. Every possible concern and/or question (and then some) one would ask is thoroughly addressed in this complete, easy-to-read book. Dr. Abraham Lieberman is incredibly educated on every aspect of this terrible disease, straight-forward, yet compassionate. Thank you, Dr. Lieberman! You have made this difficult journey

much easier to handle~

Almost all the questions imagined are answered. Best book to acquire full knowledge. Better to read the book and ask the question to doctor

I purchased this book for my Mom. She loves it. She said it's very helpful to her.

Very good source of information for any person newly diagnosed with Parkinson's Disease and very helpful for relatives and caretakers.

Met some answers we had. thanks.
