MaoÃ¢Â™s Little Red Book is superb. Some of MaoÃ¢Â™s more global Quotations include: All erroneous ideas, all poisonous weeds, all ghosts and monsters, must be subjected to criticism; in no circumstance should they be allowed to spread unchecked. However, the criticism should be fully reasoned, analytical and convincing, and not rough, bureaucratic, metaphysical or dogmatic. Both dogmatism and revisionism run counter to Marxism. Marxism must certainly advance; it must develop along with the development of practice and cannot stand still. It would become lifeless if it remained stagnant and stereotyped. However, the basic principles of Marxism must never be violated, or otherwise mistakes will be made (pg. 39 in chapter 2). People of the world, be courageous, dare to fight, defy difficulties and advance wave upon wave. Then the whole world will belong to the people. Monsters of all kinds shall be destroyed (pg. 159 of chapter 7). As far as our own desire is concerned, we donÃ¢Â™t want to fight even for a single day. But if circumstances force us to fight, we can fight to the finish (pg. 165). The oppressed peoples and nations must not pin their hopes for liberation on the Ã¢Â™sensiblenessÃ¢Â™ of imperialism and its lackeys (pg.

167 of chapter 7). Knowledge is a matter of science, and no dishonesty or conceit whatsoever is permissible. What is required is definitely the reverse — honesty and modesty (pg. 583 of chapter 33). British Parliament member John McDonnell intelligently quoted out of Mao's Little Red Book, "We must learn to do economic work from all who know how, no matter who they are. We must esteem them as teachers, learning from them respectfully and conscientiously. We must not pretend to know when we do not know (pg. 583)." Ayn Rand could have utilized this Mao Quotation? There was no controversial Nobel Prize in Economics yet when Mao's Little Red Book was first compiled in 1964.

This is a good book to read if you are interested in Maoism. Also it's a very nice copy. Beautiful red vinyl cover and high quality paper. Highly recommend.

This is the original you can tell because there is no copyright notice in it

Bargain price, fast delivery, excellent product. I am very pleased.

The print and binding quality feels cheaper than a local copy shop. Otherwise the content is fine.

Contains twice the quotations of the first edition.

Organization of the quotes by relevance is great. Cites every quotes source and in most cases the date too.
