## Customer Reviews

I purchased the Belichick book followed by this one The Big Book Of Saban. I am unsure of the format. Are these questions and answers researched from former interviews. I am enjoying both. A couple of errors in the Saban book. Coach Bryant has six national titles not five and Coach Saban coached in the NFL did not play. Could someone please give some insight to the origin of these interviews?

like

good book, just wish it was not all interview questions and answers.

Very insightful look at the best coach in college football!!!

Great concept for this book. Great execution as well. Highly recommend to football coaches or those that study the game.

This book is so bad I'm surprised Saban allows his name on it. Nothing but a disjointed rambling interview with mostly coach-speak answers. There is no writing in this book.

Another job well done by Alex Kirby. Very informative and interesting. I would highly recommend checking out the big book of Belichick as well.
