Customer Reviews

I sold it at a garage sale we had. It is also much more about how to pick out a puppy than training. I

like Cesar, I thought this was redundant to his other books or if you watch the show. It may be good if you don't know what kind of puppy you want to buy and if you have not seen any of his shows.

For the most part this book is a fresh overview of Cesar's most basic principles. But it's also a book that is shared through the prism of Cesar's own life and take on life. Cesar reflects on dogs and their relationships with mankind and places deeper meaning in many of his methods. What most of the five critics Cesar has seem to fail to understand is that Cesar is not a dog trainer. And he's more than a behaviorist. Cesar's approach is a spiritual approach as silly as that may sound. He wants to teach people how to connect with their dogs and tune into what's ailing them and be able to communicate with them. From there everything else flows and so many people don't seem to appreciate that approach. I see Cesar evolving as a person in his books. He's grown greatly judging from this latest book. As far as I'm concerned, Cesar is a god to the cause of dogs. Cesar has done more for the cause of the animal welfare and enlightenment of America's approach to dogs than anybody else and no one can take that away from Cesar. I myself have been askance at times because of Cesar's approach has sometimes involved a certain level of cocky preachyness. But judging from this book, I'd say Cesar has grown greatly and become a greatly enlightened person. I love you Cesar!! And so does my well balanced pack. I could never have had four dogs before you. I could never have walked four dogs and I could never EVER have taken in a pit bull rescue dog. I also would not be a foot soldier in several local dog rescue groups. Thank you for what you've done for my life Cesar!!!! I dream of taking your class one day.

Great book and very helpful. Would recommend this book to anyone wanting to help train and understand a puppy or an adult dog.

I learned a lot from this book. I strongly recommend that you read it BEFORE you adopt a dog!! I actually have tickets to go meet him tomorrow and I'm going to have him autograph!!
Remember...DONT BREED OR BUY WHILE HOMELESS DOGS DIE! ADOPT A SHELTER DOG!!

Might just be me? But I love Cesar's philosophy. This is a super easy read and very well thought out. Goes into some great tricks and tips on ensuring you have a happy pack.

I am so excited to have this book! I have a new 1-year-old puppy with some identity issues and the advice from Cesar is working! We have already been working on jumping on people and I've been

learning how to de-stress myself to make her feel more comfortable. The book is easy to read and I can't wait to try some more tips to make my relationship with my puppy a great one!

Great book! Well written, engaging and clear instructions. I am such a Cesar fan!

Wonderful book with lots of helpful information. He knows his stuff.
