# Ilyas And Duck Search For Allah (Ilyas And Duck)

## **Synopsis**

Ilyas and Duck search for Allah is an adorable storybook for kids about a boy's quest to find God. "Where is God?" is a question that any parent teaching their kids will one day have to answer. This book helps parents answer that question while conveying the profound mystery of it all in a fun way. In this story, likable Ilyas pairs up with Duck to ask the one question over and over in different scenarios. With whimsical and poetic replies, Ilyas slowly begins to realize what his question truly means. And by the end, his childish curiosity is fulfilled with profound realizations. The book has hardcover binding and comes with a cover jacket.

Finally a wonderful and modern book for young Muslim kids. I wish they can come up with more of the same.

A moving tale (and a moving tail) of a boy and his duck trying to find God. Simple words yet not overly simplistic, unimaginative or patronising. The storyline is powerful enough to appeal to toddlers and adults alike. Reading this story is a form of zikr that's why when reading stories after stories after stories to my children, Ilyas and Duck is one story I don't mind reading and rereading and the children find it equally fascinating every time.

I can only say that I wish I read the other sister's review first before buying this expensive kids book for my sons. The book is Islamically inaccurate. ALLAH swt is not all around us as the book mentions over and over again, but above the seven heavens on his throne and you can't be searched for anyways. The title is misleading. Will be returning this book, so disappointed.

My 4.5 year old absolutely loves this book! Ilyas' question is something my son has wondered for himself so it's fun to see Ilyas work through it. I liked how the author incorporated various animals and geographical destinations. These are animals and places that my son has read about before, and learned about in school so it's great to see these references. Even my 14 month old is interested in this book as she sees her brother reading it. I hope there are more books coming in this series b/c my son is anxiously waiting!

Wonderful book, mashallah, from the colorful vivid illustrations to the cute story. Wish there were more simple stories, most Muslim children's books use big words and too many words, this was perfect. I hope to see more books from this author, inshallah. For those who think it's too expensive, it was priced at \$18.75 when I purchased it & I used an coupon code for 30% off any one book (which come out every now & then) which made it \$13.

My 32 months old son loves this book and reads it once at bedtime and even took it to his Montessori. The story is so well written that now he can say it all by himself after having heard it for about a week. This teaches a young child about so many scientific concepts and lays a very solid foundation in reasoning and faith. I just bought the other Ilyas book on Eid after having this for a week. Even though it is slightly high priced it is well worth it.

LOVE THIS BOOK! It's very intuitive and adventurous. It lends itself to very engaging story telling. The book is perfectly animated for young children. I love following Ilyas & Duck as they search for Allah and ultimately find what they are looking for. I hope Mr. Khawaja writes many more books in this series - there are so many things for Ilyas & Duck to discover!!

Great book. Daughter loves it, especially the page where Duck is tossing everything in the room around trying to look for binoculars, haha. Have been reading her this book since she was less than a year old and at 2 1/2 she still loves it.
