Mesmerizing - have to read in small sections then think about the information then go back and read a little more..plan on making a quipu for my wall..Reading this AFTER hiking the Incan Trail to Machu Picchu..now i have to return to Peru to check out all the places mentioned in the book..great read if you are a history buff and doing more than just flying in and out of Peru..this makes me think of the Andean people i saw on the trip and what they have gone through over many generations.Really tragic to have lost so many quipus and quipu makers/readers during the time of the Spanish rule.
