Customer Reviews

"You won't be disappointed with any of the cookbooks from QRP, I've certainly enjoyed mine and will continue to..." -- Jeanette Wright, Borger News-Herald

We have this series of books almost complete at home. This book gives you recipies from Apertizers Bread & Breakfast Soups Salads Pasta, Pizza, Rice Vegetables Poultry Meats Cakes Cookies & Candies Pies and other Desserts The recipies reflect the mix of people living / have been in the state. Most recipies are with just some ingedience and simple to make. (Generally this is true for this book series). It also provides information about known people in Oklahoma (Bratt Pitt is born here) and some other side information. A very nice add-on to our book series

I purchased this as a gift for my grandmother who lives in the north that loves to cook. She loves it!

She said it's great to learn about the history of Oklahoma along with getting great recipes to cook and share with others.

Great book , love trying different recipes from our country.

I enjoy this cookbook.....my family, as well as church family enjoys the good food too! The recipes are easy to follow.

Really great, true to the area

Selected Recipes from Oklahoma's Favorite Cookbooks. When the editors titled this 'the best of the best' they weren't kidding. They have taken some of the best recipes from other Oklahoma cookbooks and combined them. The result is this wonderful cookbook full of easy, delicious ideas! Although I enjoyed the Native American pictures and the drawings (they are beautiful to look at), I have to say my eyes had to first take in all the recipes, yum-yum. We have the usual contents from Appetizers to Desserts. The variety of recipes is wide; they are not focused on only what's considered Oklahoma cuisine. You will find a recipe for Clam Chowder right along with one for Rabbit Stir-Fry (haven't tried that one, I prefer petting them to eat them). I promise you it doesn't matter where you live, you will enjoy trying the best recipes in Oklahoma. Brenda @ MyShelf.com
