Customer Reviews

I've used Top 10 books for many places. Especially for here (Berlin) this book is so lacking. If you follow its guidance you will miss much of the real Berlin. It barely mentions or shows culturally important (and to many, very appealing) neighborhoods such as Prenzlauerberg and Kreuzkolln/Neukolln. This book is purely for museum-tourists. It also has incorrect/lacking info about markets. I always like this series' maps but in this case some stuff is miss or off-map.

Great summary of highlights not to be missed. Good historical background descriptions. Great photos. I used this book extensively while in Berlin.

Great resource for a few days in Berlin.

Always the best books on the market, clear, concise, and easy to carry.

These Top 10 books are perfect for my 2-week trips. The map is better than local maps given out by hotels or tourist offices, and the information provided is helpful in planning each day.

Does not look great on my iPad. I wish I could read the words on the maps unfortunately it's too grainy.

nicely organized reference book on visiting an exciting and historical city

Bought as a gift. My friend enjoyed it very much!
