Copenhagen And Guide (And Guides)

Synopsis

Copenhagen is not just the capital of Denmark. It is also the international center of cutting edge design by such modern masters as Arne Jacobsen, Joern Utzon and Verner Panton. All have left their indelible mark on the cityscape and the great tradition of bold and exceptional spaces continues. A number of highly important buildings have been erected in the last few years (the new library by Schmidt, Hammer & Lassen and the Opera House by Henning Larsen Tegneste) and this guide provides the reader with a quick and handy reference to each and every one. ? Another of teNeues' authoritative series of pocket guides to recent noteworthy architecture in cities around the world ? Includes color photographs and a site map for convenient use by tourists and professionals alike
