Her Kiss (Griffin)

Synopsis

Back in middle school, she gave me a cookie. No other girl had given me a cookie before. Hickeys, phone numbers, semi-dirty messages—those were the kinds of things I was used to getting from girls. It intrigued me, the home-baked cookie thing. We’re not in middle school anymore | but she still gives me cookies. (‘‘Anonymously’’, she thinks.) I had to trick her into kissing me. But she wanted to do it, I could tell. Pretty much. She just didn’t ‘‘want’’ to want to do it. Maybe because she had a boyfriend | and I was known at our school as a ‘‘heartbreaker.’’ Or so I heard. But I had no plans to break that girl’s heart. I planned to give her mine. This is my story. Who am I? I’m hockey playing, Ally lovin’, high school bad boy (what???), Griffin Piper. This is a standalone novel 40,000 words (160 printed pages) This is Griffin’s version of Melanie Marks’ book, His Kiss. No other book needs to be read before this book. However, for the most enjoyment you may want to read HIS KISS and HIGH SCHOOL BOYS before reading this. (It’s definitely not mandatory though, just a suggestion.)

Customer Reviews

well I have to say although I was not a huge fan of this book, I thought it was pretty good, :). This is basically the same book as His Kiss, but in Griffin's perspective. it's was great to see everything from another pov. it helps answer questions that you might have wondered. the only thing that annoyed me was the repetitive description he used to describe Ally. what I mean is that every time she was around her either said,"she looked at me like I'm her hero""There were stars in her eyes""She looked scared, and frightened""She ran away ever time she saw me"(Not quotes from the book)I just would have been annoyed if I were him, just saying.....I think the book was well thought out, but there isn't anything more that you will really gain out of reading this. just a good read.would I recommend this book?surewould I read it again?maybeStar count....4 stars: For being a good entertaining read that answered the questions I wanted answered.

His Kiss was my favorite Melanie Marks book (especially when read with More His Kiss from the back of High School Boys) and Griffin is my favorite male character by Melanie Marks so Her Kiss was a real treat for me. I'm not sure how enjoyable it would be for someone who hasn't read His Kiss or hasn't embraced Melanie Marks's style of writing but it was great for someone who has. Finding out what Griffin was going through all that time was like a massive Sundae, super indulgent but oh so satisfying. I don't mean to make it sound like it was all butterflies and mush. It wasn't, but it was a good look at Griffin, parts of his life, the way he thought and how he felt about Ally from the first time she gave him a baked good.All of the hints about Griffin's home life and past have me curious so I'll be reading Griffin when it comes out too.

Loved that you wrote this in his POV. I definitely want to hear more of their relationship as they progress :). Love how its centered on his overwhelming anxiousness to be finally with Aly.

4.25 Stars - I really enjoyed His Kiss and it was nice to see Griffin's pov. I know it's not the author's style to write about a PG rating but I wish it was more like R. Okay, I'd even take a PG-13.

I like some of the books by Melanie marks but her kiss and hiss kiss are an obvious top 2.I love that this book shows us more from Griffins side of the story. This book is romantic sweet and overall cute.

During this book you might feel amazing cause this book is da bomb so creative and inspiring get

this book recommend for mature and or ages over 13

I am in love with griffin as well as this book! I would totally kiss griffin! And that's a lot competing from me science I usually play hard to get

The book started out really slow and was hard to get through I was really surprised because I love every book she has written but this one disappointed me. It didn't get good until the very last like five chapters, so read his kiss instead that one is in my top five.
