I never used it. It has the access code too.

My wife who is a nurse loves it. She says it is worthwhile. Highly recommended.

Very useful book. Normally I rent textbooks, but I actually bought this one because I knew it would become a staple of my nursing library. The pictures are useful and they review the stuff you might've forgotten from Anatomy and Physiology.

very helpful text, my only regret is renting this book. I would like to keep throughout my career.

Great. Perfect for nursing school.
