Rabbits #135 in Books > Children's Books > Classics

Grade Level: Preschool and up

Customer Reviews

"I am a bunny. My name is Nicholas. I live in a hollow tree. In the spring, Nicholas likes to sniff the flowers, and in the summer, watch the frogs in the pond. In the fall, he watches the animals getting ready for winter, and in winter, watches the snow falling from the sky. This beautifully illustrated, gentle story is one of Golden's most beloved titles.

OLE RISOM was one of the most influential publishers of mass-market books for children. He was vice president and art director of Golden Books at Western Publishing from 1952-1972, and then vice president and associate publisher of the juvenile division of Random House from 1972 to 1990. He worked closely with RICHARD SCARRY over the years at both houses. Generations of children around the world have grown up spending hours poring over books by the late RICHARD SCARRY filled with all the colorful details of their daily lives. No other illustrator has shown such a lively

interest in the words and concepts of early childhood. Scarry began his career at Golden Books in the 1940s, and he remains one of the world's best-loved children's book creators EVER! He was posthumously awarded a Lifetime Achievement Award from The Society of Illustrators in 2012.

I bought this book for my son because it seemed vaguely familiar. When it arrived and I opened it up to read it to him, I almost burst into tears. I had a copy of this book as a little girl, but I'd forgotten all about it. It has a wonderful, simple story and absolutely stunning illustrations. I will never forget about it again. I love the board book format--much sturdier than the paper Golden Book I grew up with. My son is beginning to pick this book up more and more, and I hope it becomes one of his favorites. I don't think I will ever tire of reading it.

I bought this sweet book for my 19 month old grandson. I read it to him twice and he really enjoyed finding the bunny in the pictures and liked the detail on the various pages. He lives in Los Angeles so I hope he can learn that there are 4 seasons in part of the world! I saw him pick it up and look at it a few times on his own, and given the number of books around, he must really like it. This had very high ratings on , which I feel is a very good gauge of how good a toy or book is for young children. I now always pick the toys and books I get him this way - by looking at high ratings - unless I already know it is something he will like.

This is such a sweet board book. The shape of the book is long and thin. The simple illustrations by Richard Scarry are delightful. My 19 month old daughter loves examining the pages and seeing the bunny in the various seasons. Her very favorite page is the last one where the bunny is curled up in his hollow tree under a cozy blanket during winter. This book has quickly become a favorite in our house.

I had forgotten all about this book until a mommy blog I read put it at the top of their best books for babies list. I loved this book as a child. I can remember reading it over and over again. I loved the beautiful, colorful illustrations by Richard Scarry. I can remember counting the birds, the butterflies, the frogs, the dandelion seeds, the leaves, but not the snowflakes- too many! Growing up in the desert which doesn't really have seasons, I was fascinated by this book's depiction of all four seasons. And the little bunny is so cute! This book is magic to me. I have no idea where the copy from my childhood is so I bought a new one and my daughter Phoebe and I are reading it together. I hope she'll love it as much as I do.

Got the board book for my baby. High quality publishing, very beautiful pictures - she loves touching the flowers, butterflies, dandelions, raccoons, and mostly Nicholas. We read this randomly throughout the day and at night. It seems to be her favorite book, and we have many! It is beautiful, simple, and provides ample opportunity to teach kids about seasons and nature. I'm only sad there are no Nicholas bunny stuffed animals, as my daughter seems to really be sad at the end of each reading that he is stuck in the book and can't play with her.

I had gotten this book cheap at a yard sale and just love the illustrations, plus my husband is a Richard S. lover so I think we are more into this than the kiddo is, but there are fun things to point out and it's an easy read for a short attention spanned toddler. The bunny's name is Nicholas, and my friend will be naming her soon to arrive son Nicholas, so I had to gift her a copy!

I bought this book mostly because of the artist, Richard Scarry, has one of the most unique styles that is perfect for young children. The colors are vibrant and the story is simple and short, keeping the attention of young children.

My brother and I loved this book when we were children. I bought it for my daughter and she loves it too! Super sweet story and the illustrations by Richard Scarry are so vibrant it captures her attention
