The Berenstain Bears Under The Sea

Synopsis

The Berenstain Bears dive under the ocean to discover life below the waves! The family meets flying fish, dolphins, sharks, and giant squid while getting a close-up look at undersea plants in this remarkable learning adventure. This 8x8 paperback picture book takes young readers on the trip of a lifetime with their favorite bear family. For more than 50 years, the Berenstain Bears have been delighting children around the world. This latest installment will add to a growing legacy of excellence in children's literature.

Customer Reviews

The Berenstain Bears discover what is living beneath the briny blue waves. Come along as they discover new plants and animals and share a family adventure they'll never forget! There are so many sights to see under the sea!

Mike Berenstain lives in Bucks County, Pennsylvania, where he continues to write and illustrate wonderful new adventures for Mama, Papa, Brother, Sister, and Honey Bear. Mike Berenstain lives in Bucks County, Pennsylvania, where he continues to write and illustrate wonderful new adventures for Mama, Papa, Brother, Sister, and Honey Bear.

My Daughter loves this book! Teaches names of marine life and introduces a career in Marine Biology. Great words for a preschooler that we would not normally use in our house. Love that it covers the different depths of oceans and tells you what animals live there. Basic info and holds my 3 yr olds attention. Would recommend!

My 3 year old son loves this book. He will spend quite a bit of time looking at the pictures which are really well done and interesting. It also contains a good bit of information so I feel like he is learning a lot from it. When we first received the book, it was the only thing he wanted me to read to him. I must of read it at least 20 times in the first week. Well worth the money!P.S. This is NOT one of the religious berenstain bears books.

My great granddaughter enjoys the berenstain bears books. She is learning to read and this is a good book for that.

My nephews (5 and 3) both love this book. They love naming all the fish.

This is a fun story with wonderful pictures. My six year old had no trouble reading and understanding this book.

Good Book, my daughter made me buy every one for her and she reads them to me before bed. The lessons in these books should be mandatory reading for adults when they turn 21, it would make the world a more friendly place.

kids love this book and all of the different sea creature pictures!! We read it over and over and over again....:-)

Berenstain Bears never fail to please my grandsons. The characters are delightful and the focus of the story always hits a home run.
