This book way exceeded my expectations! It has so many differently shaped flaps - some flaps have holes so you can see behind them, some have counting exercises, some have color exercises. My 10 mo daughter can't appreciate much of that yet, but she loves opening flaps and loves the variety offered here. I also like the size. In my opinion, this is the perfect size for the diaper bag and car. Big enough that she can put it on her lap, but not so big that she can't turn the pages easily. I may be buying others in the series soon.

This book is adorable! Perfect for my 2 year old, we got it for a plane trip to 'surprise' her with a new book for the ride - and it was great at keeping her attention.

Good book with lots of pictures inside. When we ordered it, we thought that "over 30 flaps" sounded great but as we went through the book with our child, we wished there were more pages to the book and more flaps. It's a good book though and it's fun for kids to open the "doors" and see what's inside.

I bought this for our 18 mth old grandbaby. The book was a hit with him. It is colorful and each page has several boxes to open. As long as he doesn't pull the tabs off, it will be a book he can have someone read to him and to teach him things along the way. I bought hm several small trucks to go with his book. In the book there is a "petting zoo" truck, a "farm truck" etc with lots of flaps everywhere. He enjoyed it more then I thought he would. It is a board book so it is sturdy. He can throw it around and even taste it. (he tastes everything he sees right now.) Like I said, if he doesn't tear the flaps off, he will be using it for a long time. I would recommend "What's In my Truck" to any parent or grandparent with little boys.

This is such a great book with so many flaps--and the price is right. Highly recommend if your kid likes lift the flap books.

My son got this for his 2nd birthday. He lives looking at it. I just wish we'd purchased it for him earlier. Easily suited for an 18 month child. Great bright pages & plenty of sturdy flaps.

What a great book! I was surprised how many flip it has in so many themes! A great buy!

Soooo many flaps with so much to look at and name. Cars, food, animals. My one year old gets a kick out of the pictures and names of things and loves lifting the flaps
