Customer Reviews

My toddler likes this a lot, she asks interesting questions about the story and pictures - and it's a very welcome break from all the princesses and little ponies!

I bought this for my granddaughter who is just starting to read. When it arrived my daughter told me all of the kids were arguing about who the book belonged to. My daughter settled the problem by reminding her brothers that they were more advanced readers. I wish there were some for ages 8 and up.

The little 6-yr-old reader, my little granddaughter, loved reading about a girl super-hero. Very cool!

This was a fun way for my daughter to work on her reading skills learn some new words! She can't wait to read it again and again!

My five year old loves it.

Works for me

Perfect for my kindergartner. She loves superheros, and this book was right at her level. Wish there more to download

Poor storyline. Could not wait to finish reading to granddaughter so I could put it off the reading list.
