Customer Reviews

As a native Bulgarian living in the US for 15+ years, I can tell you that you won't find a better travel book about Bulgaria. I go back home every year and continue to discover unknown local gems thanks to this book. Well done DK!

I always buy Eyewitness travel guides before my trips. I find the mix of history, geography, cultural advice and tips, and practical information to be invaluable. I use them when I return to help identify

pictures and places I cannot remember in the pictures I took. The books are quite heavy, so I do not travel with them. Their reviews of restaurants and hotels seems spot on.

very helpful on our trip last summer

VERY GOOD

An excellent guide to Bulgaria with details on all the tourist destinations and towns there.

Very pleased with this book. Of course I really only use DK guide books so it goes a little without saying...it was a no brainer. Condition of book was fine.

This book was a great help on my recent trip to Bulgaria. You can't beat Eyewitness Travel Guides!

I picked up this book purely out of curiosity while browsing in the bookstore. The only exposure I'd had to Bulgaria as a tourist destination was the show from Rick Steves, which whetted my appetite but didn't leave me compelled to go. Then I picked up this book expecting a ho-hum response (after all you hear so little about it) and instead Bulgaria has shot to the top of my list of most desirable destinations. I'm working on going next year and am learning some of the language now. After viewing the amazing photos in this book, it compelled me to do further research online for more photos and information and I now realize what an underrated gem Bulgaria is. Black and white words in your ordinary travel guide can't do it justice, and I would never have realized what I was missing without the gorgeous full color photographs and architectural cutaways of this book. I wouldn't rely on the hotel and restaurant listings in the DK Eyewitness guides because I would want to use a guide that is more frequently updated and budget minded (I recommend Rick Steves Eastern Europe), however, this book cannot be beat for the armchair traveller, someone deciding where they should go (the pictures really help), or someone inspired by beautiful photos. It covers a lot of the countryside and small towns as well as big cities.
