Customer Reviews

great story

very touching story.

could you recall that order, the book stinks

The 3 stars are not based on the book - it is a very good book. The review is because the book is listed with a publication date of December 2015, which is wrong. It was originally published in January 2014. Since this was listed with a 12/15 publishing date, I thought it was a new book and purchased it. Once I started reading it, I realized that I had already read it and then found out it was

released in 2014. Please be aware of the date so you don't waste your money like I did.

I listened to this book on a trip and I enjoyed it very much. I usually listen to mysteries and thrillers when I am traveling but I was curious about this book. I wouldn't say this is for the grown ups, especially for men but for teenagers. Give it a try. You might enjoy more than you think.

I don't write reviews, but was compelled to do so since the rating was so low. This was a wonderful book. Sad and joyful. As an adult, I still appreciate YA fiction. I would recommend it for older teens.

Great story, you don't want to put it down....
