Norton Recorded Anthology Of Western Music, Vol. 2: Classic To Modern

Synopsis

This audio complement to "A History of Western Music" includes recordings of all the works appearing in "The Norton Anthology of Western Music". As in the previous edition, the recordings are of the highest quality and are performed by outstanding groups and soloists. New track references in the textbook allow students to locate the recorded works on the CD set as they read the corresponding discussions in the text. The collection features 20 new works, plus an additional 14 new recordings of works included in the previous edition

Customer Reviews

Excellent!

Excellent product..one of the standard anthologies available for studying Music History.One caveat, if you're using Hanning's Concise Grout as a companion text, be sure to match the correct edition of the anthology + recordings to the correct edition of the text.
