Customer Reviews

Paul C. Cozby is Professor of Psychology at California State University, Fullerton, and Northcentral University. Dr. Cozby was an undergraduate at the University of California, Riverside, and received his Ph.D. in psychology from the University of Minnesota. He is a fellow of the American Psychological Association, member of the Association for Psychological Science, and has served as officer of the Society for Computers in Psychology. He is Executive Officer of the Western Psychological Association. He is the author of Using Computers in the Behavioral Sciences and co-editor with Daniel Perlman of Social Psychology. Scott C. Bates is a Professor of Psychology, Associate Dean of the School of Graduate Studies, and Associate Vice President for Research at Utah State University. He earned a B.S. in Psychology from Whitman College, an M.S. in Psychology from Western Washington University, and a Ph.D. in social psychology from Colorado State University. His research interests and experiences are varied. He has conducted research in areas as wide-ranging as adolescent problem behavior and problem-behavior prevention, teaching and learning in higher education, and the psychology consequences of growing and tending plants in outer space.

Good conditions!

Great

Very informative book. Lots of info. Helped me very much so in my research and methods class

New and cost effective with early delivery

I actually wanted a printed paperback book. The smartbook access card is the only thing you get with this order even when selecting paperback. It would be great to have a hardcopy of the textbook.

Excellent textbook and it's an interesting, easy read. Arrived really quickly. Overall great rating

wish I ordered it instead of renting it, great read!

The book had all the information i needed to pass my course. Good book
