Jesus Saves the World highlights the Gospel accounts of Jesus' life, from his birth to his resurrection. The simple storyline and vibrant art will appeal to emerging readers, and will help them understand who Jesus Christ is.

This easy to read book is a fun read and provides an excellent teachable moment for parents to talk to their children about fear, faith in the Lord, and remaining faithful to Him as well, especially during hard times when Christians are being more and more persecuted. Whether you just want your child

to know Bible stories from a literary point of view or to read an accurate account based on Biblical history, this book provides the story in words most children can understand.

Had to to teach the 4f-year old Easter Sunday School class. This book was perfect for that age.

This story explains the reason Jesus came to earth,He was born, died on a cross for our sins, then arose again so we may have eternal life! The authors do an excellent job in getting message across that Jesus is the only way to heaven. Young children learning how to read will love this book.

My son is in catholic school. I read him these book at bed time. I also read non religion books during bed time. But these are short and sweet :)

I am all about the "learning to read" books and this one being about Jesus makes it that much better!!! She is reading on her own now so this level is really easy for her so I looked into the next level ones about Jesus, but I didn't like the artwork in those. Not as cute and child like. She is only 5 so I like books with lots of colorful, animated artwork. But these are great!

My son read this book during service at church. He was not interested in listening to the pastor preach but found another way to spend a little time with Jesus, reading this book on my kindle. it is also on the accelerated reader list and I will have him use the read as part of his testing at school.

Good read. I only wish the characters were accurately depicted. Also, I wish it mentioned the disciplines and how Jesus met them.

Read this book with my 4 year old granddaughter we both enjoyed it. She talked about it and seemed to understand it. I like these book and so does she. Thank you and God Bless
