Domestic Relations, Cases And Materials (University Casebook Series)

Synopsis

The Eighth Edition progresses from the format of earlier editions by continuing to provide cases from state, federal and international courts that integrate the scope and dynamism of family law. There are references to uniform, state, federal and international code provisions and there is available a companion book offering additional statutes and uniform laws that may be integrated into the family law course. It incorporates problems to test students' understanding of the material, and it is compatible with courses of two, three, or four credits.
