## Customer Reviews

I grew up listening to adventures in odyssey and have always enjoyed it both for the wholesome storylines and interesting stories. I just bought this series for my daughters (6 and 3), they thoroughly enjoyed the plot lines and were hooked immediately. The stories are way better (and less obnoxious) than any television show that is on and we can listen to it over and over again without getting tired of them. "Getting hitched" was a comical view of what can go wrong before a wedding, the bride having appendicitis, wedding dress gets an oil spill, but the overall message of

what is important in a wedding rings through, even though things can go wrong, the most important thing is the actual marriage itself. There are other stories which we also like but when Penny and Wooten get married is a great one! We will be purchasing more of this series in the future and cannot wait to hear what is in store for all of our favorite characters.

Can't ever go wrong with any Odyssey radio series product

I love this. I don't purchase all Adventures in Odyssey items, but this is the third one I've purchased and love. The rest I can listen to online and do without.

I have listened to AIO since I was a kid and I still love to listen to it as an adult. I wish they would make a album with more episodes

Me and my girls LOVE AIO!! We listen to them every night before bedtime and turn it on when we have a 30min+ trip to make in the car! Have been listening to AIO since I was a kid myself and still love it to this day!

We heart Adventures in Odyssey! So many fun twists and turns as Penny and Wooten head down the aisle. True love is more than the wedding hype--good reminder for kiddos even too young to be thinking of their own I-do's.

I grew up with this wonderful show and its so wonderful to share it with my 5 year-old.

not as good as the older sets
