Customer Reviews

Hard as Heck is the most challenging puzzle book published. Other books say their puzzle levels are hard. These puzzles exceed those. My favorite is the Samurai, (a connected five square Sudoku.

Tricky puzzles ,also tough, and then fiendish. These are what they say they are, and I have been doing these for years.Also I love the variety which keeps one from getting bored; especially when I spend as much time on these while my family is watching the TV . I can still listen and do my

puzzles.
