Customer Reviews

This is a good book. Unfortunately it wasn't quite what I was looking for. Still there are plenty of projects and it will be a valuable tool for those who are looking for ideas for scrapbooking.

Well, it's not my favorite paper crafting book but it is still a good book with several good projects.

A good beginners crafting book. I was disappointed having been involved with crafts of various forms for many years. Some of the ideas are really good and that's why I kept the book. I liked the lapel pins with cards, something very pretty, relatively easy, a good gift or craft show item! Great gift bag ideas, for the holidays especially. I wish it had more ideas for the price, 19.95 seems pretty high for what you get, it's a slim book. I wouldn't order from this publisher or author again.
