Customer Reviews

I love this Book! It has such a great variety of songs to play!

The collection of songs is quite good, but the way they present the chords is a bit odd. A lot of the chords used are very common chords but the way they're displayed in the book is not the usual way you would learn, for example, a 3-fingered version of F and a barred version of G. It's really best if you already know the chords rather than struggling with the more difficult versions of them.
