Customer Reviews

I had no idea the paleo diet allowed for such delicious recipes. I was recently diagnosed with high blood pressure. Since then, I have been looking into healthier eating. I had the wrong idea about this diet and this book helped me to understand, I don't have to give up taste to eat healthy. I can't wait to try some of these wonderful recipes. Thank you.

The book has a great variety of breakfast, dinner and even a few paleo sweet treat recipes as well as great photos of each meal! I love the creative spin on classics like the egg mcmuffin minus the gluten! I appreciate the inspiration the book has given me to try a few new combinations

Paleo Recipes: Paleo Recipes for Beginners: 30 Amazing Recipes to Maximize Health (Maximize Health, Gluten Free, Grain Free, Wheat Free, Dairy Free, Real Food, Antioxidants)Overall: I found this to be an interesting and creative collection of easy enough to follow paleo recipes. They range from simple to complex, and anyone with some basic cooking skills should have no problem following them.Pros: It is easy enough to find almost any recipe you can imagine online, so for a cookbook to be worth buying, itÃ¢Âs got to show you something youÃ¢Âd never even think to search for. There are plenty of creative recipes in this collection, although nothing that seemed particularly unique. The recipes were laid out clearly, and easy to follow.The photos in the book are

not the spectacular, sumptuous displays that we have become accustomed to seeing. Instead, they are realistic portrayals of what you can expect. I found that refreshing. Cons: Besides lacking a unique niche in the market place of paleo recipes, this is a fine collection. Recommendation: If you have some experience cooking and are looking for a solid base of paleo recipes, this book is worth picking up.
