## **Customer Reviews**

McGraw-Hill Education Editors represent the highest standards in test preparation.

The book is great if you have another book to study. It offers no insight on the questions. It's is only a workbook with questions, not a study book.

It deepens your understanding but study before you start this book. It can seem extremely hard if you just pick it up out of the blue

I passed first try!

Very helpful-makes the subject material easier to study.

Good book

Thanks

Great work book

Comprehensive and Satisfactory
