From Kerala To Kathmandu: Eight Months In India And Nepal

Synopsis

Part story, part travelogue, part travel guide and part historical non-fiction; this is the account of an incredible eight month trip around India and Nepal. From Kerala to Kathmandu is an unforgettable journey that sees the witty protagonist sleeping at strangers houses, having a snake share a home with him and hiking the Annapurna Circuit which includes the highest trekable mountain pass in the world. This vivid account takes us from the tea plantations of Munnar, to the beaches of Goa; from sleeping under the stars next to a camel in the Thar Desert to the Golden Temple of Amritsar; and from the searing summer heat of Delhi to the staggering heights of the Himalayas. The book is littered with amusing anecdotes, emotional encounters and practical tips for anyone heading to India and Nepal.

Customer Reviews

The book is an interesting travel log. The author missed or did not mention many existing fascinating sights and places in his travels. I have traveled approximately the same route as he did, at a different level, and have seen a different India besides the one he describes. Certainly there is more to see in the former Bombay than the Victoria Gate and the Taj Hotel.

This is a book of chapters, each one informative and fun to read. I enjoyed this book a great deal especially because you can leave the book for a long period of time and not have to refresh your memory.

Very interesting book
