Good

So informational and astute. I am learning a whole lot about the universe and our roles in it. Sandra breaks it all down and makes it clear. Nicely done.

I have tools to help me become a better person while also making the world a better place.

This practical book was exactly as described and more than met my expectations.

Loved it. Can't wait until on audio

Its great The book

This book has made me want to find other books on this. I'm more witchy than new agey so I haven't really heard of this until I started to buy up the HayHouse basics that caught my eye for whatever reasons. While it says "basic", it felt far from basic. It was easy to understand like a 101 book but I felt it went pretty deep. I do not do meditation nor wish to, if you fall under this as well, you may find yourself skipping a few pages here and there as the writer included meditation-based exercises for you to try. I skimmed them but they held no use for me.

Fabulous treasure! Lovely information with lovely results! Thank you Sandra for providing a fabulous book!
